ECCOTARP HazMat

Spill berms Cargo EUR and Cargo DP

This product is intended for emergency retrieval of industrial liquids, oil-based products and chemicals in case of an accidental spill. It can be used as a protective device when moving pallets loaded with drums or cans.

- ▶ Optimized dimension for easy fold around the pallet
- ▶ Easy handling by pallet-poolers and forklifts
- ▶ Option with or without side handles
- ▶ Capacity of 56 gallons (EUR variant), alternatively 79 gallons (DP variant)
- ▶ Built-in level indicator to show the quantity of retrieved liquid
- ▶ Possibility of adding of drain hole and ball valve

Cargo EUR Plus
with side handles

Cargo EUR
without the
handles

Thanks to shape and size
specially designed for use in
industry and transportation

Examples of use

Detail of side handle

Detail of the hook

Detail of collapsing the corners

The corners are not sealed and so the tarp can easily fold around the pallet

Possibility of adding of drain hole and ball valve

Product variants

Cargo berms are usually delivered in two sizes, in blue colour and in the option with side handles (**Cargo EUR Plus, Cargo DP Plus**) or without the handles (**Cargo EUR, Cargo DP**).

Technical details

The berms are rigid and self-supporting. They are made from thick fabric with a protective proofing layer (PES/PVC 1.5 lb/10.7 ft²). They are resistant to oil-based substances, acids and alkalis at temperatures between -22 °F and +158 °F (see. Chemical resistance certificate in the relevant chapter at the end of catalog). The bag is a standard part of the product. We can provide an optional accessory protective pad to be put under the berm bottom.

The product is protected by registered utility model (technical patent) no. 31294 lodged with the Industrial Property Office.

Type	ET 061 CARGO EUR	ET 062 CARGO DP
Dimensions (basin) (in)	49 × 33 × 9	49 × 49 × 9
